

## **Senior Project Manager, GHG and Climate Change Services**

### **Corporate Profile:**

Hemmera is a full service environmental consulting firm that is recognized for its strong client focus, diverse expertise, and technical excellence. We act as a trusted partner to our clients, working to address the environmental and socioeconomic challenges they face. The strength of our team has made us the firm of choice for some of the largest environmental projects in Western Canada.

Our team of over 100 staff has specialist expertise spanning environmental sciences, engineering, planning and management. Consultants have the opportunity to work across a range of industry sectors, including: Alternative Energy, First Nations, Government, Infrastructure, Mining, Oil & Gas, Ports, and Sustainability.

We provide exciting opportunities for career growth through diverse projects, high caliber teams, and excellent training and development. Hemmera is committed to supporting employee work life balance through a strong culture of flexible working. We have a friendly and supportive work environment that empowers employees to provide ideas, strive for excellence, and create new opportunities. The firm has offices in Vancouver, Burnaby and Victoria. [www.hemmera.com](http://www.hemmera.com)
